

CARBON FOOTPRINT POLICY STATEMENT

It is the stated policy of Luce Bay Plant Hire Ltd to reduce its environmental impact wherever practical. Carbon reducing measures form an integral part of Luce Bay Plant Hire's overall strategy, helping to improve both operational performance and a reduction in potentially harmful emissions to land, water and air. Luce Bay's current medium term plan is to work towards reducing its carbon footprint year on year going forward.

The company are committed to reducing our environmental impact and comply with all current energy legislation, seeking to meet or better legislative targets.

Minimise waste, promote recycling and the use of recycled products to help reduce the burden of landfill and therefore methane generation.

Promote environmental awareness and responsibility amongst employees, contractors and service users in projects in which Luce Bay is involved and will seek, where practical, to continuously improve environmental performance.

Evaluate the potential benefits of home working.

Evaluate the potential benefits of carbon offsetting such as tree planting on land owned by Luce Bay Plant Hire Ltd.

Expect partners and suppliers to have a credible, measurable carbon footprint policy.
